Final Assignment: Newsroom Portfolio Website Assignment Documentation

Task 01: Header Implementation

1. Use the **OOTB Header Component**.

2. Ensure the navigation menu includes the following pages:

   o Home

   o News

   o About Me

   o Contact Me

3. Implement a **drop-down menu** under "Books" where "News" should be listed.

4. Apply proper styling to maintain a visually appealing and consistent header.

5. Ensure the header is used at the **template level**, so it appears on all pages.

- home
- news
  - news1
  - news2
  - news3
  - news4
  - news5
- about-me
- contact-me

Task 02: Footer Implementation

The footer should include the following sections:

- **About Me** – A brief description of the journalist.

- **Contact Me** – Details to connect with the author.

- **Latest 5 News Articles** – List the five most recent news articles as hyperlinks that open in a new tab.

- **Social Media Links** – Links to social media profiles of the journalist.

The footer should also be **implemented at the template level**, ensuring it is displayed across all pages.

Task 03: Home Page Implementation

1. Use the **OOTB Teaser Component** to display an award ceremony for a journalist.

2. Author the teaser component with:

    o **Image**

    o **Title**

    o **Short Description**

    o **Call-To-Action (CTA)** linking to a dedicated page where the full award-related news is displayed.

Task 04: News Page Implementation

1. **Create a NewsRoom Component**:

   o This component should fetch and display news articles stored under /content/news.

2. **Create the News Page**:

   o Author it as the parent page where the NewsRoom component will be placed.

3. **News Articles**:

   o Create individual news article pages under /content/news.

   o Each news article page should be authored with:

      ▪ **Title**

      ▪ **Image**

      ▪ **Text**

   o Ensure the NewsRoom component retrieves and displays each news article as a card, with:

      ▪ **Unique Title**

      ▪ **News Detail**

      ▪ **Image**
